SAFETY & SECURITY RECOMMENDATIONS AND ALERTS

FREE TRAINING IN DISASTER PREPAREDNESS FROM THE SAN FRANCISCO FIRE DEPARTMENT (SFFD), NEIGHBORHOOD EMERGENCY RESPONSE TEAM (NERT) WITH THESE 2 HOUR CLASS

“From early morning they came - the survivors clutching bunches of flowers to lay on the foundations of what were once family homes.

Pausing to remember, they wandered around a network of roads, all that remains of the port area of Kesennuma after the tsunami swept through.

Next to a huge fishing trawler dumped 800m inland, people lit incense sticks and prayed at a makeshift shrine. Then, at the precise moment the earthquake hit one year ago, the warning sirens sounded again, echoing off the hills and people stopped to observe a minute's silence.” Roland Beurk, BBC News.

As Japan marks the one year anniversary of the devastating 9.0 magnitude earthquake at 14:46hrs and the resultant enormous Tsunami which struck soon after the earthquake resulting in the death or loss of over 20,000 souls and destruction on a terrible scale; it is incumbent on each of us to do what we can to prepare ourselves and our loved ones. The SFFD have been providing such preparation training since the October 17, 1989 6.9 magnitude earthquake that struck the Bay Area. Over 21,000 have received training and preparedness advice to help them prepare for natural and non-natural disasters.

If you have not done so already through NERT or one of the many other free programs made available, we urge you to attend one of the classes below and take some simple steps towards protecting yourself and your loved ones should disaster strike our city or neighborhood or street or household.
